1: Professional Learning Goals

No.	Goal	Identified Group	Rationale/Sources of Evidence
1	Maintain safe, nurturing, and engaging learning environments for students and staff through continued integration of Positive Behavioral Interventions & Supports and Social Emotional Learning Programs.	Certified Staff, Non-Certified Staff, & Administrators	<ul style="list-style-type: none"> The crisis intervention program adopted by the district (Safety Care) requires that staff participate in initial and/or annual refresher training. Analysis of data pertaining to student discipline, behavior intervention, suspension, HIB incidents, and substance abuse referrals reflects a need to provide additional training and support that will enable staff to better address the evolving needs of the population served in the district. Research points to a direct correlation between Social Emotional Learning programs and improved student attendance, performance, outcomes, and positive impact on school culture.
2	Meet the ever-evolving needs of sending districts, students, and staff by acquiring the knowledge and skills necessary to engage in a strategic planning process that leads to substantive and transformational growth.	Certified Staff, Non-Certified Staff, & Administrators	<ul style="list-style-type: none"> UCESC does not have a strategic plan in place which is necessary to ensure we are achieving our mission. Research indicates that involving multiple stakeholders in the strategic planning process increases the relevance and success of the goals that are established. A key element of successful strategic planning is training those participating in the process. As the needs of sending districts evolve, so must the services and programs of UCESC.

<p>3</p> <p>Promote the continuous growth of district staff and ensure compliance with state mandated professional development requirements through job-embedded, collaborative PLCs.</p>	<p>Certified Staff, Non-Certified Staff, & Administrators</p>	<ul style="list-style-type: none"> All administrators and teaching staff members are required to participate in initial and annual refresher training in AchieveNJ regulations and in the board-approved teacher evaluation instrument (Danielson Framework). District is responsible for implementing the state-mandated requirements for professional development for groups of educators as specified in N.J.A.C. 6A:9C (Refer to attached chart).
